

CORPORATE PROFILE

ABCF^{STEEL}

STRUCTURAL STEEL SPECIALIST

About the Company

BCF Steel – Your Trusted Partner in Structural Steel Solutions

Welcome to Best choice Factory for steel Industry (BCF steel) , a leading structural steel and Pre-Engineered Building (PEB) Manufacturing Doing projects Across Middle East. With an uncompromised commitment to quality, delivery and customers satisfaction, we have created a reputation for superiority in the field of structural steel and PEB construction industry.

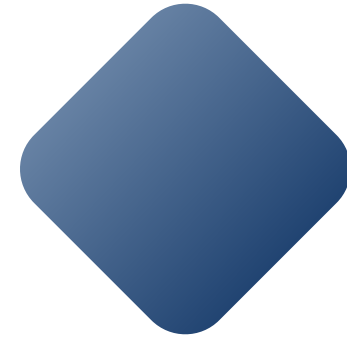

Our Story

Established in year 2015, has been a foundation in the structural steel work in Qatar and Saudi Arabia, delivering exceptional projects across an extensive range of sectors including commercial, industrial and Oil & Gas. Our team of qualified professionals uses the best practices in industry and innovative technology to achieve the highest standards of structural steel fabrication and installation.

Our Mission and Vision

Vision

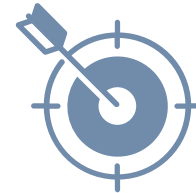

Our vision is to be a best producer of structural steel and PEB solutions in the Middle East, known for our un-waivered commitment on quality, safety and sustainability by growing into Saudi Arabia, our prime objective is to contribute to the Kingdoms ambitious development projects and supplying steel structures that both long-lasting and aesthetically good-looking.

Mission

Our mission is to supply higher quality of structural steel and PEB solution that meet our clients' needs while exceeding their expectation, we accomplish this by capitalizing our extensive experience, engaging advanced technology and dedicated team of professionals committed to excellence in all we do.

Our Value

Quality

We maintain rigorous quality control throughout every phase of our projects to ensure optimal results

Innovation

We encourage and adopt new technology and methodology for production.

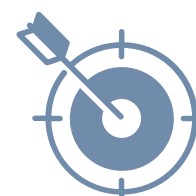

Integrity

We do our business with utmost honesty and transparency in building relationships with our clients and stakeholders.

Safety

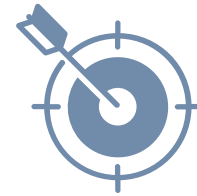

we priorities the safety first in our projects

Sustainability

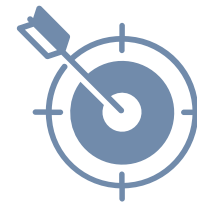

We are committed to sustainable practices that reduces environmental effect and contribute to the community we work for.

Why Choose Us

Comprehensive Project Delivery

From initial design and procurement to fabrication, erection, and cladding, we offer end-to-end service capabilities.

PEB & Roofing Expertise

Expertise in pre-engineered buildings and complete roofing envelope systems, ensuring structural and architectural excellence.

Committed to Quality

We strictly adhere to international standards (ISO, SBC, AISC, etc.), ensuring precision, safety, and durability.

Integrated Solutions

Design-engineering, fabrication, and on-site erection all managed under one roof—saving time and cost while maintaining accountability.

BCF Steel

ALIGNS WITH INDUSTRY STANDARDS

At BCF Steel, maintaining alignment with industry standards is fundamental to our commitment to quality, safety, and innovation. Our integrated approach—from engineering and manufacturing to final execution—ensures every project meets or exceeds the expectations set by global and local benchmarks. The following highlights key areas where BCF Steel consistently delivers industry-compliant excellence.

Advanced Manufacturing

Adheres to high standards in design, strength, and safety, with a focus on rapid deployment, aligning with leading-edge pre-engineered building (PEB) benchmarks.

Engineering Excellence

Utilizes in-house 3D modeling, CNC-driven precision, and robotic welding for superior accuracy and consistency—reflecting best practices in modern steel fabrication.

Industry Certifications

Ensures compliance with ISO 9000 series, local building codes, and conducts rigorous integrity checks, meeting both international and regional quality standards.

Turnkey Execution

Offers complete in-house project execution—from procurement to erection—ensuring streamlined operations, cost control, and full accountability, a hallmark of professional industry players.

WHAT SETS

BCF Steel APART

End-to-End Project Execution

From the initial design phase to procurement, precision fabrication, on-site erection, and final cladding, we offer a fully integrated solution under one roof.

PEB & Roofing Expertise

Our pre-engineered buildings and roofing envelope systems are engineered to meet structural integrity and aesthetic needs efficiently and cost-effectively.

Uncompromising Quality Standards

We adhere to recognized international and local standards to ensure safety, durability, and reliability in every project.

PRODUCT & SERVICE

BCF Steel brings vast experience in the steel industry, backed by a proven track record across diverse sectors. Below are some of our key areas of expertise—though our capabilities are not limited to these

**Pre Engineered Building (PEB)**
FRAMES, PANELS, ROOFING SYSTEMS

**Structural Steel Components**
BEAMS, COLUMNS, TRUSSES, GIRDERS

**Custom Fabrications**
CONVEYOR FRAMES, SKID-MOUNTED STRUCTURES,
HOISTING FRAMES, MACHINE BASES

**Architectural Metalwork**
RAILINGS, STAIRCASES, FACADES

**Industrial Equipment Frames**
SKIDS, TANKS, SUPPORTS

**Industrial Platforms & Walkways**
CATWALKS, LADDERS, STAIRS, HANDRAILS, MAIN
PLATFORMS

**Steel Tanks & Silos**
WATER TANKS, GRAIN SILOS, PRESSURE VESSELS,
STORAGE HOPPERS

**Steel Bridges & Overpasses**
PEDESTRIAN BRIDGES, MODULAR BRIDGE SPANS,
DECKING SYSTEMS

**Heavy-Duty Supports & Mounts**
PIPE SUPPORTS, EQUIPMENT MOUNTS, ANCHOR FRAMES,
VIBRATION-DAMPING MOUNTS

PROJECTS WE COMPLETE

QATAR

Since 2015, BCF Steel has focused on delivering high-quality structural steel solutions for Qatar’s industrial and infrastructure sectors. To meet major project demands—especially during the FIFA World Cup.

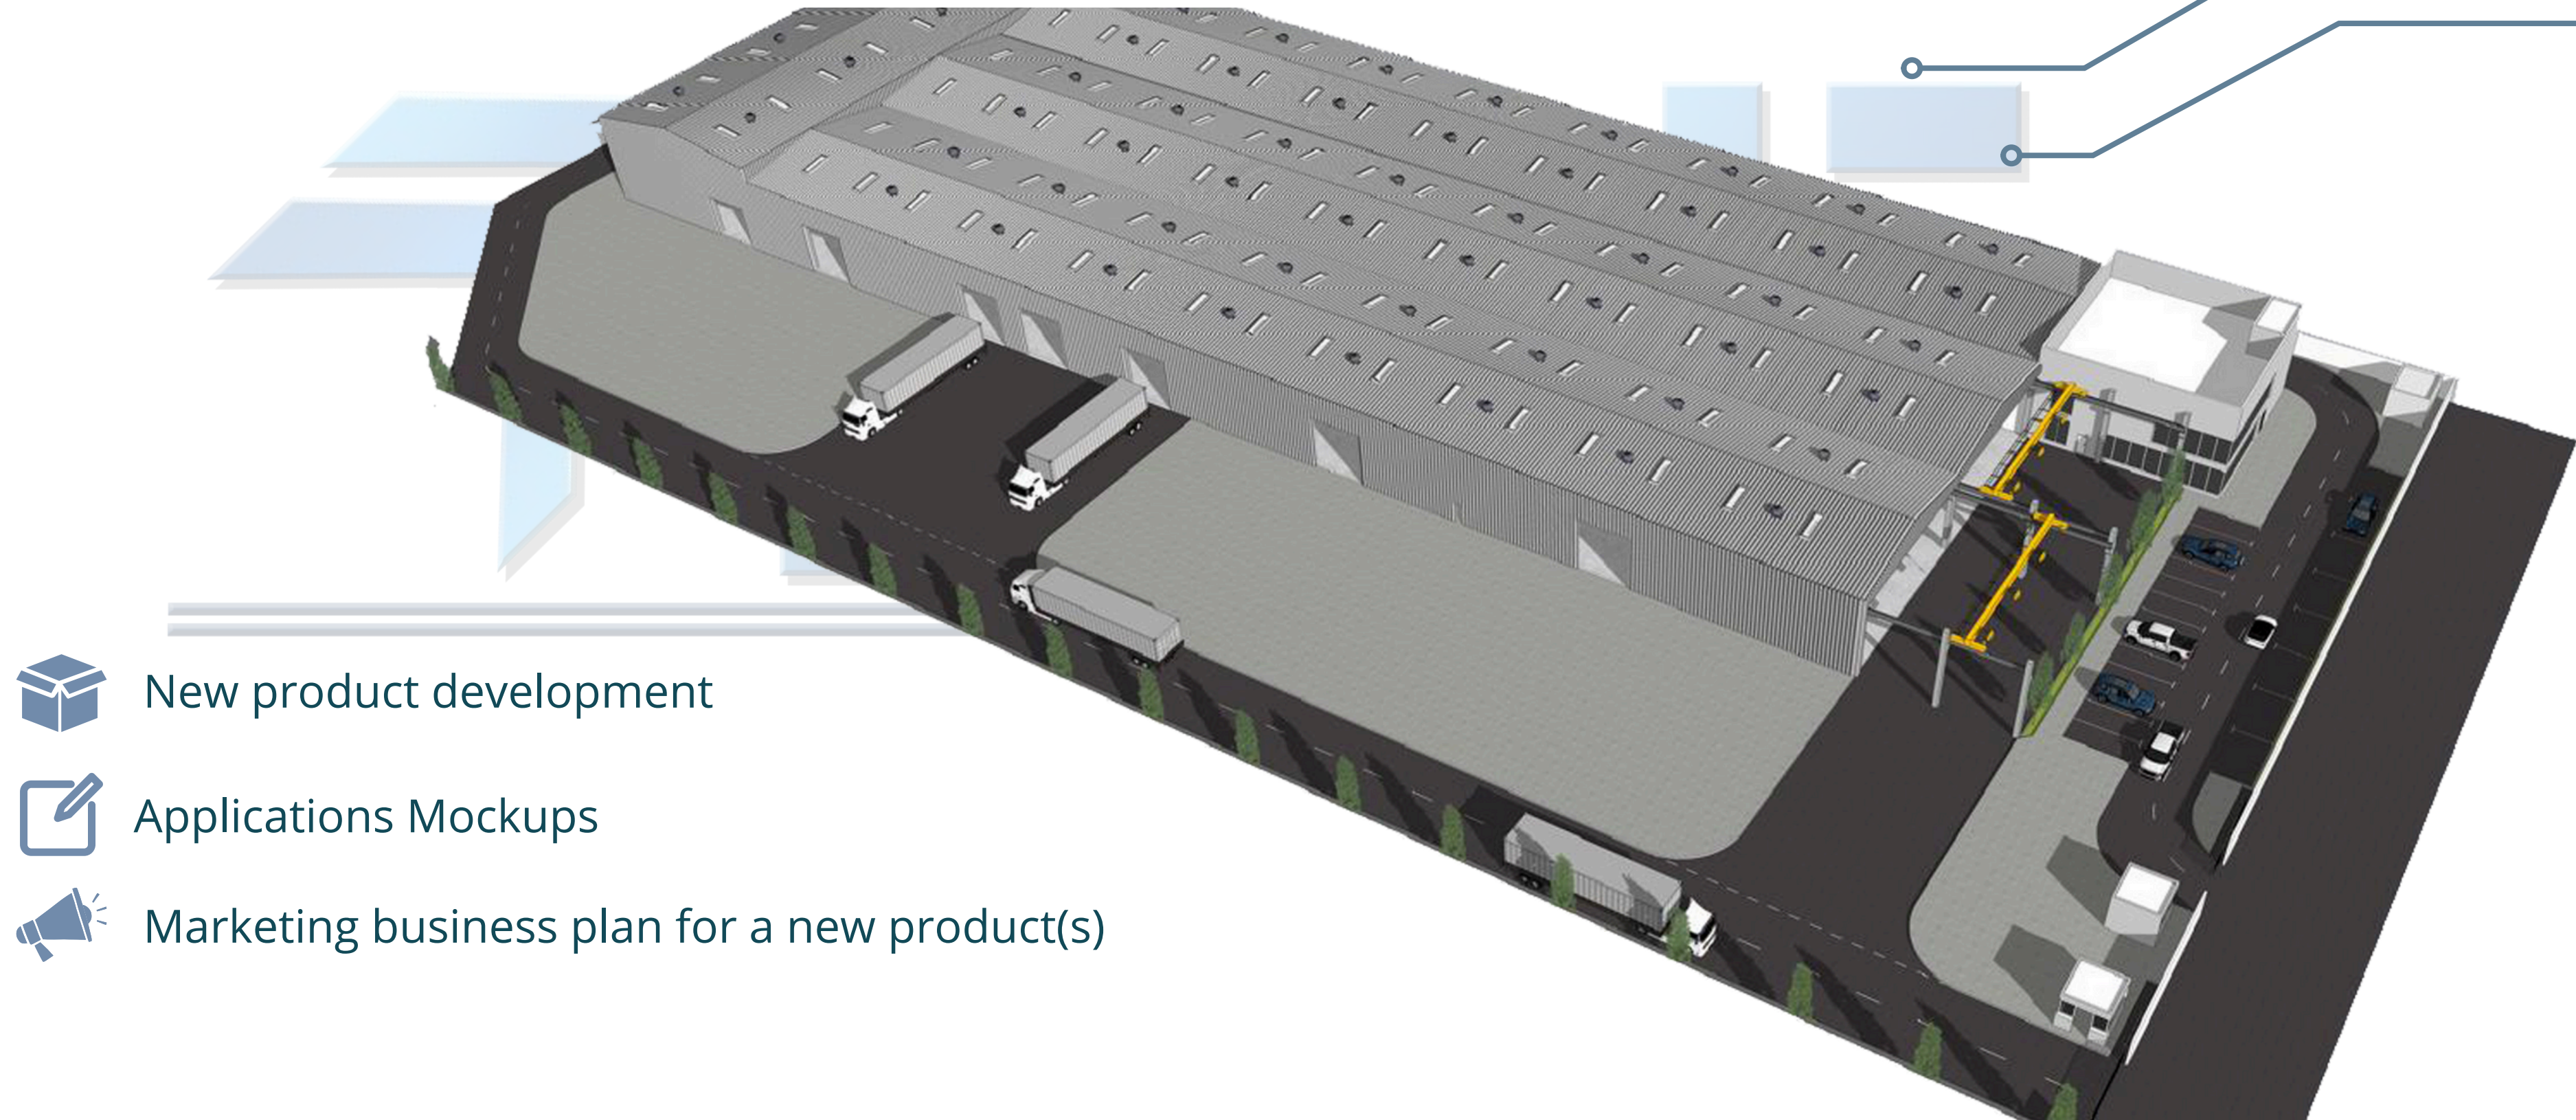

SAUDI ARABIA

Our Saudi Arabia facility was supportive our Qatar operations by handling overflow fabrication, ensuring timely and efficient delivery. With a blend of local commitment and regional strength, BCF Steel is your reliable partner for steel solutions since decade.

ONGOING DEVELOPMENT

Our New Facility (Modon-3)

New product development

Applications Mockups

Marketing business plan for a new product(s)

THANK YOU

We look forward to working with you
